Dear Jim

I wanted to take this opportunity to thank you and your entire team for the selfless dedication and hard work that you have shown over the last two and a half months to the people within our community. The Coronavirus pandemic has posed many challenges for our community, affecting people from every corner of the Keighley and Ilkley constituency.

I have been bowled over by the kindness and generosity of people who have volunteered to help others, whether this be helping the most vulnerable in our society buy food for people in self-isolation or who are making personal protective equipment for our brave frontline NHS and care staff in response to the worldwide shortage of PPE. We have also seen some fantastic volunteer helpline services operating across our communities and individuals going above and beyond to help their neighbours.

There have been so many acts of kindness and selfless actions and I am sure this great community spirit will continue for years to come. The battle against Coronavirus is by no means over but by working together, we will get through this.

I just wanted to take the time to thank you and your team for all your efforts to date, it really has been much appreciated. Please do contact me should you require any further assistance – my door is always open.

Yours sincerely

Robbie Moore MP
